

I'm a bit behind on videos, but that's alright. I'll catch up. I have taken my first out of 3 written and 2 oral final exams and it went okay to good I think. Now preparing for maths exam for a few days before preparing for English exam. They'll be on the 3rd (English) and 7th (maths). Also Celine would you mind sharing your studies on studying and being focused? I'd love to have a look at that if you're fine with it. I hope you are doing well and feel alright too. Now up to a focused session. Good focus to everyone and remember to stay hydrated and breathe fresh air.

Correct pen holding posture makes writing easier
